Richardson Date: 1869Original Form Information: National Historical LandmarkCurrent Study: City of Buffalo Intensive Level Historic Resources Survey: Grant-Ferry-Forest NeighborhoodPrepared by: Clinton Brown Company Architecture, pc Address: 2100 Rand Building, Buffalo NY 14203Telephone: (716) 852-2020 Email: cbca@buffnet.net Date: 07/2005

Comments: Although located on the border of the survey area. The hospital affected the neighborhood by limiting growth northward at that point. Created by an act of legislature in 1869, the hospital building was designed by Henry Hobson Richardson. Long listed as a National Historic Landmark, the picturesque Richardsonian Romanesque building is the premier neighborhood architectural landmark. Its dominating presence is reflected in the design of three churches within the survey area.

Comments: Built as the Lafayette High School, Buffalo's third high school, this building has served its original function for over a century. The monumental three-story structure is characterized by neoclassical detailing, a profusion of copper ventilators atop the roof, the massive tower that dominates the neighborhood. The building received a large rear addition in 1919-1920.
